I screensaver all your photos from your families
vacations
I checked out all your spotify recommendations
I followed you on Twitter and InstaGram too
is there anywhere else I can find you

Pre Chorus:

Every 15 minutes I'm refreshing your page
refreshing your page, refreshing your page.
Every 15 minutes I'm refreshing your page
refreshing your page, refreshing your page.

Chorus:

It was love at first sight except you're trying to ignore
me
you were playin hard to get
now I wanna be your girlfriend but you can't ignore me
'cause I found you on the Internet
now I always know who you're with, where you are, and
what you're doing
I just wish it was me that you were pursuing
and the funny thing is that you haven't got a clue
that I've got a crush on you.

I get notified you've post it on Facebook,
sure enough there's a new photo on your wall
within a few mintues I see some blonde chick likes it
I bet that she's your late night booty call

You send out a Tweet that today was a great day
but how could it be without me there
I bet it's 'cause you're sleeping with that blonde chick
on FACEBOOK
the one with the bleached peroxide hair

Pre Chorus:

Every 15 minutes I'm refreshing your page
refreshing your page, refreshing your page.
Every 15 minutes I'm refreshing your page
refreshing your page, refreshing your page.

Chorus:

It was love at first sight except you're trying to ignore
me
try to ignore me, try to ignore me
so I found you online and now you can't ignore me
you can't ignore me, you can't ignore me.
now I always know who you're with, where you are, and
what you're doing
I just wish it was me that you were pursuing
and the funny thing is that you haven't got a clue
that I've got a crush on you.

You never know the pain I feel as I watch you from afar
I can't deny my love is real I even know who your
friends,
of friends of friends are
I never knew how love could hurt until I put you
on my google alert
every post, every tweet it's so hard to see that it's not
about me.

[Chorus:]

And crap you've just blocked me from viewing your
Facebook
crap you just blocked me from your Twitter too
you sent me an email to leave you alone
well guess what? I still like you.
