It's been a long long time since everything was cool
I shoulda seen it coming but i guess i'm not the only
fool
there's something growin on the outside
too much missin on the inside
should i waste my time and let you lead me on and on
and on and on?

waiting for the day when i'm complete
without you i'm
doing what i can to let you be
making sure there's nothing showing on the outside
something's dying on the inside
i'm still broken but i'm free
i'll see you on the flipside

i've got a bruised up heart
but i'm still hanging out
i should take it easy but i'm still gonna get around
there's something growing on the outside
too much missing on the inside
should i waste more time when everything is done
and done and overdone

waiting for the day when i'm complete
without you i'm
doing what i can to let you be
making sure there's
nothing showing on the outside
somethings dying on the inside
i'm still broken but i'm free
i'll see you on the flipside

i'll see you on the flipside
nothing showing on the outside
somethings dying on the inside
waiting for the day when i'm complete
doing what i can to let you be
nothing showing on the outside
somethings dying on the inside
i'm still broken but i'm free

i'll see you on the flipside
