Hey girl  
What's your name  
I think I caught you looking my way  
Do you wanna know  
How to get me all to your own  
Weekends work the best  
I'll pick the place, you do the rest  
Hey now  
Don't be shy  
But you got to keep me in line  
Love at first sight  
Never thought it could happen to me  
But you made me believe

Kidnap my heart  
Take me with you  
Kidnap my heart  
Make my dreams come true  
Take me away cause falling in love  
Ain't very far  
Not far from the start  
Kidnap my heart

Can you get me up  
More fun that I can ever dream of  
Could you tie me down  
Can you keep me hanging around  
I don't wanna be here to keep you company  
Put your hand in mine  
Better hold on tight for the ride  
Love at first sight  
Never thought in could happen to me  
But you made me believe

Kidnap my heart  
Take me with you  
Kidnap my heart  
Make my dreams come true  
Take me away cause falling in love  
Ain't very far  
Not far from the start

Kidnap my heart

You've got to hold me tighter  
Cause I'm a real fighter  
Don't tear us apart

Love at first sight  
Never thought it could happen to me  
But you made me believe

Kidnap my heart  
Take me with you  
Kidnap my heart  
Make my dreams come true  
Take me away cause falling in love  
Ain't very far  
Not far from the start  
Kidnap my heart

Kidnap my heart  
Kidnap my heart....
