Oh what a mess
Youve got the best of my heart it broke
And now it's just a joke
Cause you're moving right along
I'm still here and you're gone

Oh what a scene
You know I didn't mean for the winds to change
Won't ever be the same
Cause the kisses that you blew
Could never improve

I think I need some time by myself
Without anybody else
I just need to unwind
In my time machine
I need to go far away
A few years back would be okay
I just need to unwind
In my time machine

Hey you yeah I'm talking to you
You lost your love in bed
And now it's just dead
Because it didn't mean a thing
But youre waiting for a ring

Hey it's a game and
aint it a shame I was just a show
I thought that this was love
But I can't be fooled again
I'm crying out but I can't give in

I think you need some time
By yourself
Without anybody else
You just need to unwind
In your time machine
You need to go far away
A few years back would be okay
You just need to unwind in your time machine

Oh the things that we could change
(Things that we could change)
Now we'll never be the same

I think I need some time by myself
Without anybody else
I just need to unwind
In my time machine
I need to go far away
A few years back would be okay
I just need to unwind
In my time machine
By myself, I don't need anybody else
I just need to unwind
In my time machine [2x]
