Look at you, fastened by sheltering blanket. Did you  
think I'd forget how  
sweet you taste, nay my umbrageous heart still yearns  
for you, and still to  
peruse your love is such a waste.

You lie there a vision of immaculate purity, yet your  
eyes reveal the  
insatiable whore and now I'll love sucking your vitality  
with you, my  
pretty. I just want more.

First, I'll tear asunder thy mortal garments, unmasking  
your pale delicate  
flesh, then, I shall ravage your lovebroken body.  
Sinking my teeth upon  
your tender breast.

Violently, I'll fuck your pernicious cunt, while  
consuming the precious  
life-force, thoroughly enjoying the sweet flavor. I'll  
vampirize you,  
Natasha, with no remorse.

Until you shrivel into your casket, I shall continue to  
vampirize Natasha.
