Can you see me looking at you, am I in your mind,
I can see your face when I look in the mirror,
And it's so unclear

Why is this happening to me why do I have to believe
with all this fear infesting me

Can you hear me, calling to you, is this hard to find
I'm hearing voices but there is no one around me
Is this in my mind

Why is this happening to me why do I have to believe
with all this fear infesting me
Why is this happening to me why do I have to believe
with all this fear infesting me

It's over, no longer, I feel I'm growing stronger,
It's over, no longer, and now I'm feeling stronger,

Why is this happening to me why do I have to believe
with all this fear infesting me
Why is this happening to me why do I have to believe
with all this fear infesting me

Fear infesting me
Fear infesting me
Fear infesting me
