[Intro]

What uh, yeah yeah yeah yeah

Get to bouncing, (get to bouncing-get to bouncing-get to bouncing)

Playgirl get to bouncing, (get to bouncing-get to bouncing-get to bouncing)

Get to bouncing (get to bouncing), get to bouncing on that pole

Girl you know how to do it, go on and make that jelly roll

Now get to bouncing, (get to bouncing)

Playgirl get to bouncing, (get to bouncing, get to bouncing)

Get to bouncing, get to bouncing on that flo'

Girl you know how to do it, when it's time to make that do'

Now get to bouncing, (get to bouncing)

Playgirl get to bouncing, (get to bouncing) this for the strippers

[C-Note]

Now bounce it bounce it, some'ing like a basketball

Soul food ham hocks, mayn that girl got it all

Seen her shopping in the mall, hips big waist small

These tricks be trying to spit the game, but she ain't feeling y'all

Catch it plastic, the girl got plenty money

You try to play her for a fool, but end up like a dummy

Tattoo on the tummy, girl sweet like it's honey

She likes to bounce it in the club, some'ing like a bunny

It's ballers in the club mayn, they pull up on them dubs mayn

Plus 26's, so you know they us love mayn

Pulled up gripping grain, V.I.P. champagne

Top flo' throwing money, know we trying to make it rain

Call me the weatherman, the way I get this cheddar man

You trying to beat me, better come up with a better plan

I roll with a better clan, keep the girl wetter man

You talk down on my click, and trying to sweat her man

[Hook]

Get to bouncing, get to bouncing in the club
Girl you know how to do it, when you trying to meet a
thug
Now get to bouncing, (get to bouncing)
Playgirl get to bouncing, (get to bouncing-get to

Girl you know how to do it, when it's time to make that

[C-Note]

But she don't want a scrub, she only want a thug
And I don't mind, if she bounce that ass up in the club
She always show me love, she always thinking of
Different positions, cause you know she likes that
freaky stuff
Table dance lap dance, bout to make me tap dance
Up in V.I.P., you only get one chance
She know that I got them stacks, she know just how to
act
We got them swisher sweets, blowing like back to back
Took her out to the Lac, then she saw the Maybach
Can't explain my Clover chain, like an artifact
BBS 85, Cloverland till I die
Niggaz try to disrespect a nigga, watch him pull his fly
Keep the strap on my side, represent the Southside
What we swang and we banging, leave your mouth
wide
Wood wheel on guide, chrome wheels on glide
Baby girl like to bouncing, when we pass by

[Hook]

Now get to bouncing, get to bouncing on that pole
Girl you know how to do it, go on and make that jelly
roll
And get to bouncing, (get to bouncing)
Playgirl get to bouncing, (get to bouncing-get to
bouncing)
Now get to bouncing, girl you know I don't trip
See you coming out your clothes, I don't mind if you
strip
Now get to bouncing, (get to bouncing)
Playgirl get to bouncing, (get to bouncing-get to
bouncing)

[B.G. Duke]

Shorty I been watching you, work that pole

Up and down like whoa, bend over touching your toes
Got a nigga, throwing that do'
I ain't never seen a ass, clap like that befo'
See I'm a butt man, I like a nice culo
A superhead hoe, ain't afraid to deep throat
C-Note my bro, I'm B.G. Duke
And it ain't no fun, if my homies can't fuck too
I'm bout that money man, I'm from Cloverland
Loot V-12 Benz, on rubberbands
24 inches, keep me with a lot of bitches
Gator boots and mink coats, nigga that's pimping

[Hook]

Now get to bouncing, get to bouncing on that pole
Girl you know how to do it, go on and make that jelly
roll
Now get to bouncing, (get to bouncing)
Playgirl get to bouncing, (get to bouncing-get to

Now get to bouncing, get to bouncing on that flo'
Girl you know how to do it, when it's time to make that
