There is this girl that lives on Park Avenue.  
She never has nuthin' to do.  
Strung-Out and bored  
She is mostly ignored by the red necks of the world.  
Marisa is her name.  
Thinks everyone is lame.  
But who can you really blame?  
The girl's insane....  
There is this guy who isn't shy.  
But he's unhappy and frustrated.  
Severely depressed.  
Man he's really a mess.  
That crazy little loser is me.  
No one to turn to except for this one girl  
That lives on Park Avenue.  
What can he do?....  
Sends chills down my spine. yeah, she's finer than  
wine.  
The best part is....she's all mine.  
\*YEAH\*  
She Tells old jokes  
No Longer funny  
And I'm somewhat out of my mind  
She cut her hair,  
but I really don't care  
just as long as she's there  
with me.  
Maybe someday  
I'm gonna say  
What The Hey?  
And we'll be as happy as can be.  
It's around nine and I'm feeling fine.  
Gonna see her again, cause she's all mine.
