I'm Young
But I'm Not Proud
I'm Wanna Do Things But I'm Not Allowed
My Mind says yes but I don't know
Don't wanna be a 1st Class Joe
I'm buried six feet underground
My head is screaming more than my mouth
I'll go and leave this world
Just because I have morals
People around me make me sick
The people think I'm a dick
No solution to my problem
But do I have one at all?
I'm buried six feet underground
My head is screaming more than my mouth
I'll go and leave this world
Just because I have morals
