As the blade turns blood gushes forth
another murder to bag and number
i'll kill forever
until i die
brutality
a way of life
As the blade turns
as the soul burns
as the blade turns within the wound
Another body beaten
cut and stabbed
ligature marks
discovered after you've died
coroner had a difficult time determining cause of
death
another one left for the insects, snakes and rats
As the blade turns, the soul forgot
nine years of death, left to rot
scattered dead from state to state
i cut and slash as i attack
a cornered victim soon to be
broken bones, a punctured eye
into the morgue cold and dead
into the morgue

cold

and dead
As the blade turns

as the soul burns

as the blade turns within the wound
As the blade turns you scream in pain

torturing a piece of meat

take out my anger

take out my hate

psychotic rage flows through my veins

locked away

inside your skin

a body

cut to pieces

one more goes unsolved

as the blade turns within the wound
As the blade turns

as the soul burns

as the blade turns

within the wound
