You will die, no love there for you
There's no guiding light
To lead you through the night

Only screams of torment
Only fear and emptiness
No life after the grave, only pain

Lies, lies to live and die by
Passed down through the years
The truth, they'll never let you hear

Only screams of torment
Only fear and emptiness
No life after the grave, only pain, pain, pain

The disease of life continues
Only the blind will follow
And rot in the dirt
Afraid to live, dead before you died

Brainwashed, you live blind
Brainwashed, they rot alive
Brainwashed, preach your lies
Brainwashed, I watch you die

You will die, no love there for you
There's no guiding light
To lead you through the night

Only screams of torment
Only fear and emptiness
No life after the grave, only pain

Only screams of torment
Only fear and emptiness
You're the one who is lost, brainwashed
