the hopeless, the terrifies  
you're petrified, its time to die  
i vomit in the face of the faithful  
the mislead, the ignorant  
the ones who are truly dangerous  
the holy  
the justice system  
the president  
the ones who are truly dangerous  
its time to die

decomposition of the human race  
a warning from beyond the grave  
out of the ashes  
and into the fucking flames  
(repeat 2x)

the soulless, the unworthy  
the undead  
now walk the earth in pain  
they hunt you  
to devour  
to massacre you  
to overtake this world  
the mislead  
the ignorant  
the ones who are truly dangerous  
its time to die

the image of man betrays that which  
distinguishes him from other animals  
his ability to observe himself  
the decay of modern society, leads to doom.  
turn back the clock

retreat  
into the essence of life  
but its too late for you now  
its too late for you know

decomposition of the human race  
a warning from beyond the grave

out of the ashes  
and into the fucking flames  
varicose the heart is now closed  
eyes still open, but soon you'll decompose  
you're on your way to the grave  
and its a bottomless pit.
