He spent his life  
A silent sentinel for all to fear  
He walks, he talks  
He thinks, he feels

But no dare go near, he takes in all he sees  
Nothing escapes his gaze  
And when he strikes he strikes for right  
A glorious sight

Destroyer, destroyer, destroyer  
He's in town

He came to be from a grand mistake  
A mystical charade created to decide the good  
And bring repercussive aid  
As awareness filled his fame

He examined those who leered  
Then he cleaved the air with his fiery stare  
Rend all those there

Destroyer, destroyer, destroyer  
He's in town  
Destroyer, destroyer, destroyer  
He's in town

A day will come  
You'll be drawn into the center of your town  
And come upon a mass of steel  
That cracks the very ground

Prepare to meet your judge  
Don't think to run away  
Just pray your face  
Holds no disgrace for the deadly ace

Destroyer, destroyer, destroyer  
He's in  
Destroyer, destroyer, destroyer  
He's in town, oh, he's town

You'd better stay out of his way  
He's gonna kick your ass, yeah, destroyer
