will you suffer? i think its time

a weapon of god

the sins of the dying

keeper of the souls

more hate than love

death by the sword

the fury of hell

legion of sickness

lord of misery

after my death i rise in immortality

unleashing the horror my words are infected

feast on my rot

i am resurrected

resurrection of the rotten

the demons of life have taken control

burn with me now it's time to behold

the glory of death

a victim of my message

feast on my rot

i am resurrected

resurrection of the rotten

resurrection of the dead

the demons of life have taken control

burn with me now it's time to behold
the glory of death
a victim of my message
feast on my rot
i am resurrected
resurrection of the rotten
resurrection of the dead
legion of sickness
lord of misery
after my death i rise in immortality
unleashing the horror my words are infected
feast on my rot
i am resurrected
resurrection of the rotten
resurrection of the dead
