The knife will cut into your flesh soon to be ripped

Hthrough

Your screams fall on deaf ears, the pain surmounting

It now engulfs you, the terror it builds too the fear

Of your own death,

A putrid dismemberment

Pools of blood drip from your carcass

Open wounds cleaned with your piss
In feces i drown you choke on the filth of you

Your skin is smeared with shit the knife cuts into it

Your screams fall on deaf ears, the pain surmounting

The fear of your own death, a putrid dismemberment

Pools of blood drip from your carcass

Open wounds cleaned with your piss
See the knife

Cut your flesh

Still alive

But decapitated
Headless stump

Buried deep

Severed legs and arms

And pulled out teeth
Fingers cut off

And toes too

Left in water electrocute

From eye sockets blood does shoot

Gangrene is fed to you

The nightmares have come true, a violent death is
upon

You

The pigs will never find you

I'll scatter the pieces of you

Flesh and skin is removed

Everyone, every bone in your body is smashed.
