chop, chop, chop  
off comes the head  
i'm on a killing spree, machete in hand  
run for your life, run for your life  
headhunter  
of the  
cannibal tribe

the art of headhunting

hack, hack, hack,  
the sound of the axe  
bone-splitting force  
seperates head from neck  
run for your life, run for your life  
spine splits in half  
as your neckbone now cracks

meat to rot  
from the corpse  
maggots feed  
as you decompose

I feed on the maggots  
and feed on your soul

the art of headhunting

chop, chop, chop, off comes the head  
i'm on a killing spree, machete in hand  
run for your life, run for your life  
headhunter of the cannibal tribe

I feed on those maggots  
and feed on your soul
