The Art Of Headhunting

Chop, chop, chop  
off comes the head  
I'm on a killing spree, machete in hand  
run for your life, run for your life  
headhunter  
of the  
cannibal tribe

The art of headhunting

Hack, hack, hack  
the sound of the axe  
bone-splitting force  
separates head from neck  
run for your life, run for your life  
spine splits in half as your neck bone now cracks

Meat to rot  
from the corpse  
maggots feed  
as you decompose

I feed on those maggots and feed on your soul

The art of headhunting

Chop, chop, chop  
off comes the head  
i'm on a killing spree, machete in hand  
run for your life, run for your life  
headhunter  
of the  
cannibal tribe

I feed on those maggots and feed on your soul
