Prepare yourself for the worst, it's coming soon  
I believe in those foretold prophecies of doom  
They say the end is close, it's coming fast  
Not every single one of us is gonna last

So, stand and fight or kill yourself right now  
It'll be one less motherfucker to kill  
Skin shot, burned, stabbed, scorched and torn  
This pain is real, you can't ignore

War is coming  
War is coming  
War is coming  
War is coming

Arm yourself with the right to kill at will  
Shoot to kill, it's them or you  
Time to choose, time to choose or die  
Blood's pouring from the hole in your side

Take the pain, it'll focus and strengthen you  
Take the pain or your life's fuckin' through  
Face the pain, let it become part of you  
Take the pain

War is coming  
War is coming  
War is coming  
War is coming

War  
War  
A motherfuckin' war

Prepare yourself for the worst, it's coming soon  
I believe in those foretold prophecies of doom  
They say the end is close, it's coming fast  
Not every single one of us is gonna last

So, stand and fight or kill yourself right now  
It'll be one less motherfucker to kill  
Skin shot, burned, stabbed, scorched and torn

This pain is real, you can't ignore

War is coming  
War is coming  
War is coming  
War is coming

War is coming  
War is coming  
War is coming  
War is coming

War  
War  
War  
War
