It's dark in here
And I can barely hear
But it's okay cause I like it like that.

The music is loud.
There's a big crowd.
But it's okay cause I like I like that.

It's not time to go.
What about the show?
It's time to let our love grow.

Cause baby I like to dance all night, night.
Ooh baby I like to dance with all my might.
Yeah baby I like to dance all night.
So come on let's go. (2x)

Now I see you smile.
I haven't seen you dance in a while.
But it's okay cause I like it like that.

The way I move my hips.
The way you kiss my lips.
But it's okay cause I like it like that.

It's not time to go.
What about the show?
It's time to let our love grow.

Cause baby I like to dance all night, night.
Ooh baby I like to dance with all my might.
Yeah baby I like to dance all night.
So come on let's go. (2x)
