Her heart beats faster  
Trying to fill up that empty space  
And she can't help the silent tears  
Stream down her face  
Feelings twist and turn her heart inside out  
She doesn't know how to feel  
Cuz she doesn't know what's real  
Anymore  
Chorus

Thoughts and memories  
Play like an old melody  
But there's no going back cuz  
There's no remedy  
They're buliding walls of lies  
Too high to break down  
But they know her soul will die  
Anytime now

Her hearts drowned in tears  
Her minds sinking in fears  
Her friends think she's freak  
And the pulse everyday gets more weak  
All the names they call her may decay  
Her body today  
She's losing her color to grey

Chorus

Thoughts and memories  
Play like an old melody  
She can't go back cuz  
There's no remedy  
They're buliding walls of lies  
Too high to break down  
And they know her soul will die  
Anytime now

Some point and ask with curious stares  
What happened they ask her  
Tell us they plead

But she doesn't dare  
Cuz they never cared

She's lost in time  
It's hard to believe  
Her whole life  
Was changed  
In a blink of an eye

Chorus

Thoughts and memories  
Play like a melody  
It's hurting cuz  
There's no remedy  
They're buliding walls of lies  
Too high to break down  
But they know her soul will die  
Anytime now
