"Walk Away"

I remember tears streaming down my face
When I saw you walk out the door
You said "you've got two choices either you love me or
you don't"
Either way imma walk out the door

Never come back again
I don't know what to tell you
That is the truth
I never thought you would do this to me

Give me a chance to prove it to you
If not just walk away

Because I thought I loved you
Really I did
But when I look back on this relationship
I wonder if I'm wrong

(Solo)

Maybe I didn't love at all
Maybe I was wrong
Played for a fool
Either way I guess we'll never really know

I watched you walk away
Never turn back around
I wanted to go after you
But what would I have to say

You said it all before you left
So going out the door was your only way
Because I thought I loved you
Really I did

But as I look back on this relationship
I wonder if I'm wrong
Maybe I never loved at all
Maybe I was wrong

Played for a fool
Either way I guess we'll never really know
I remember tears streaming down my face
When I saw you walk out the door

You said "you've got two choices either you love me or
you don't"
Either way imma walk out the door
Never come back again
I don't know what to tell you

That is the truth
I never thought you would do this to me
Give me another chance to prove it to you
If not just walk away
