

Six Pence None The Richer "Love"

Visit "[Love](#)" on MotoLyrics.com

You must be the seed
Descend into the earth
Searching for the union
Of death and then rebirth

But I need love
It is patience, it is kindness
I need love
It is rain after the dryness
I need love
Sister Wisdom, help me see
It's the one thing that I need
The only thing that I need

The Harvester is near
His blade is on your skin
To plant a new beginning
Well then let the cut begin

But I need love
It is patience, it is kindness
I need love
It is rain after the dryness
I need love
Sister Wisdom, help me see
It's the one thing that I need
The only thing that I need

Oh, oh, oh
Oh, oh, oh
Oh, oh, oh
Oh, oh, oh

The Harvester is near
His blade is on your skin
To plant a new beginning
Well then let the cut begin
Let the cut begin
