it burns me down when I think of all the tears you've  
cried  
for one million miles I've I logged on roads that led  
away from you  
knowing there was nothing you could do  
inside my mind I saw you driving inside your car  
just one silhouette in the wind with a prayer that this  
would not go to far  
away from my residual flame  
our bodies growing cold like stars  
that lose their will to burn and fade into the night  
but we could burn like the northern lights

Chorus

baby ãfÂçâ,¬" please stay  
we can make it through another day

it may ãfÂçâ,¬" must we?  
all the fiber optic arguments  
without the warmth of your flesh we couldn't really  
make much sense  
but now it's over and I am here my body next to yours  
we'll feed the flame with the fuel of time and burn like  
the northern lights  
I'm tired of all the senseless fights

Chorus

baby ãfÂçâ,¬" please stay  
we can make it through another day  
baby ãfÂçâ,¬" please stay  
we can make it through another day  
we could burn like the northern lights ãfÂçâ,¬"  
baby

you love me and I love you  
so, baby ãfÂçâ,¬" please stay  
we can make it through another day  
baby ãfÂçâ,¬" please stay  
we can make it through another day  
baby ãfÂçâ,¬" please stay  
we can make it through another day  
baby ãfÂçâ,¬" please stay

we can make it through another day  
we could burn like the northern lights ãfÂçâ,¬"  
baby
