I guess we did what we thought we had to
But what we did it was it right?
Prouder than we should've been too many times
We walk way

And I always knew there'd be questions
And I know what you tried to do
You were something special
There was nothing simple about you

They say what's right isn't wrong
But I think that I'll make a wager
You carried alone until you felt out of danger
I wrote you this song, so won't you do me a favor
When it's my turn to fall
You'll catch me sooner than later

I'm missing those times tonight
Dark was dark, and light was light
No, I knew you better
I know that you tried harder

They say what's right isn't wrong
But I think that I'll make a wager
You carried alone until you felt out of danger
I wrote you this song, so won't you do me a favor
When it's my turn to fall
You'll catch me sooner than later

I saw you standing by the road, yesterday
I saw your shadow fall across my way

They say what's right isn't wrong
But I think that I'll make a wager
You carried alone until you felt out of danger
I wrote you this song, so won't you do me a favor
When it's my turn to fall
You'll catch me sooner than later
