You Say You Love Me  
But Do You Love Me?  
I need to get inside your head  
Know the words you haven't said

Feel like I'm back on the playground  
Roses in my hands now  
Hearts about to jump out my chest  
Tried to tell you what it feels like  
Nothing ever sounds right  
Words become permanent

Do you love me?  
Do you love me?

I've got that Head Over Feeling  
Where clouds start their breathing  
No burdens around me  
I'm feeling so carefree  
I've got that Head Over Feeling  
Where clouds start their breathing  
Nobody can touch me  
I'm feeling so carefree  
'Cause you got me  
'Cause you got me

I'm as high as the heights go  
Walking on a tightrope  
I can see my house from here  
What you say can save me  
Keep me from fallin'  
Take away all my fears

So you love me...  
You really love me!

I've got that Head Over Feeling  
Where clouds start their breathing  
No burdens around me  
I'm feeling so carefree  
I've got that Head Over Feeling

Where clouds start their breathing  
Nobody can touch me  
I'm feeling so carefree  
'Cause you got me

You give me faith  
That's all it takes  
When you gotta believe in something  
Just take my hand  
No need for plans  
I know we can't see what's coming  
But we gotta believe in something

I've got that Head Over Feeling  
Head Over, Head Over.

I've got that Head Over Feeling  
Where clouds start their breathing  
No burdens around me  
I'm feeling so carefree, feeling so carefree  
I've got that Head Over Feeling  
Where clouds start their breathing  
Nobody can touch me  
I'm feeling so carefree  
'Cause you got me

Oh you got me good, yeah you got me good  
You got me, you got me good.
