What's a world with bitter air
A perfect place where no one cares
Where shameful memories linger on
How much longer til we fall

Evil man curse a crowd
Anti-god he won't appear
Waiting for eternal sleep
Heading closer to the end
Dreaming of eternal peace

So wait your turn
You're almost dead inside
So where is the life
He took it all away

And I'm so bitter on inside
But I won't leave you behind
And I lost my way back to you
One last try, before I let you go

Why am I so bitter inside
I won't leave you tonight
I won't leave you to die... alone

I feel so far away from life
Every day I fall short of you
Why are you there
Why is it so hard to choose
From right to wrong

Don't worry about me
I'm on my way
Free your life
It'll be alright
Walk a thousand miles
Just to hear their screams
