I don't want To leave you  
I'll stay by your side  
I know your in pain  
But it will be alright

They say that your dying  
No life left in side  
They tell me you'll be fine  
But I know it's time

House smells like roses  
Your death on our minds  
Cancer's what brought you here  
What took your life  
But I'll be alright

I had to blame something  
I had to get mad  
I threw God away  
When time hits the past

I don't want to talk  
Just leave me alone  
I will go on  
And I will be strong.
