Oh you in particular  
Read me like literature  
You know my thoughts, you know my heart  
You feel my downs when we're apart  
And girl you know my middle name  
You're old enough to not play games  
Cutest girl I've ever seen  
Like the cover of a magazine  
But you keep me on my toes  
To guess your thoughts I won't fa sho  
But you keep me on my toes  
To guess your thoughts I'll never know  
I'm in la la la love in Los Angeles  
And I never thought with all my heart that you would  
say yes  
And I'm in la la la love and I can't forget the surprise to  
see you loving me I have to confess  
You're my sunshine on a rainy day  
You know the words I'm trying to say  
Girl I loved you from the start  
Cheesy lines but from the heart  
You dress the best you know it's true  
There's nothing left for you to prove  
Your friends think that we're meant to be  
I guess that helps we'll wait and see  
But you keep me on my toes  
To guess your thoughts I won't fa sho  
But you keep me on my toes  
To guess your thoughts I'll never know  
I'm in la la la love in Los Angeles  
And I never thought with all my heart that you would  
say yes  
And I'm in la la la love and I can't forget the surprise to  
see you loving me I have to confess  
So fa la la she's got me singing again  
And her melody fits perfectly for the song in my head  
And all in all we're gonna last to the end  
Girl this is for real this love I feel no need to pretend
