Yeah, crumble on the beat (haha)  
Tayyib Ali now  
Yo,

Hook:

Still ride around the block on fours,  
My brother still in the hood tryin' get dough  
In two feet of snow, I'm on my grind, East Coast,  
Don't act like you don't know.  
I still ride around the block on fours,  
My brother still in the hood tryin' get dough  
In two feet of snow, I'm on my grind, East Coast,  
Don't act like you don't know.

Uh, I'm on my hustle my, and I don't wanna shine,  
But everything I write be hot, I like the summer time  
I'm on the sucker free but,  
Y'all couldn't see me with bi-focals,  
Keep your mouth closed and your eyes dopin'  
I'm road to thinking bout my age, I'm funny now  
It's crazy how I had grown in many ways  
This is a good day flyer tyre what you find me in,  
Man it's obvious I'm dimin' it that's common sense,  
I promised it 'cause right now it's do or die,  
Keystone State of Mind, keep it bumping in the ride,  
you know  
And death could understand,  
Rappin' I love it man,  
Rock a show, touch a couple grand get the rubber band  
They been wishing for the day that I stop,  
Something made you're going straight to the top,  
Like Jay with the rock,  
On 19 I'll make it to the end zone,  
And can't wait to put my friends on, and I...

[Hook:]

Yeah,  
But will I get another chance, to see what I seen,  
'Cause none of my moments last, that I'm still living  
dreams

And the jars where the hash went, money machine,  
Tryin' get the cream, stick into the scene,  
Every city I'm in, we got that  
And your face shit can never be replay shit,  
Just the beginning with most niggas on day six,  
Tie my laces, the streets I embrace em,  
Hoes amaze 'em and we've been on the same shit,  
Swear swear, livin' life in the city,  
With brotherly love and just a made up pity,  
Really it's bad but I think passed the shit,  
Till you see a nigga drop that ain't the last of it,  
When the sunshine the crooks blast, they on your ass,  
But I'm still post it up, rolling up,  
Me and Chuck flow heavy like a loaded gun  
Nigga this is pandemonium, and I'm..

[Hook:]
