"Europe after the rain"

There's cardboard filled windows
And boarded up doors
And families are scattered on stations
Where night trains roll by
There's painted graffiti on government walls
And slogans are printed on t-shirts
And jet planes fly by

We're just watching it happen on tv again
Europe after the rain

Daytime tv shows from refugee towns
Where children grow up with no fathers
Their sad eyes don't cry
And lives are memmed in between
Razor wire walls where people spray racist graffiti
And inside something dies

We're just watching it happen on tv again
Europe after the rain

Lives are memmed in between
Razor wire walls where people spray racist graffiti
