You are the dust and  
I am the rain  
Let's go out in the rust and  
Let's gather the change

Let's take to the streets  
You and I we're life's refugees  
But like Bonnie and Clyde we're free  
Don't say there's nothing between us

You stain the pavements  
I'll take the blame  
Our love is our saviour  
Our life is our grave

Let's take to the streets  
You and I we're life's refugees  
But like Bonnie and Clyde we're free  
Don't say there's nothing between us  
'Cause we're all refugees  
And we're all drifting like leaves  
But like Bonnie and Clyde we're free  
Don't say there's nothing between us

We'll live for the sunshine  
And smile through the rain

And we're all refugees  
And we're all drifting like leaves  
But like Bonnie and Clyde we're free  
Don't say there's nothing between us

So let's take to the streets  
You and I compete with the freaks  
And like Bonnie and Clyde we're free  
Don't say there's nothing between us

Well there's nothing between us  
Well there's nothing between us
