"Two creatures"

This country looks like one big car park
The winters are so very long
And everybody wonders
Where the light has gone

And Europe has its moving state lines
But Africa has winter sun
And you and me
We're just two creatures on the run

And we'll go where the crowds don't stare
And no one frowns at what we wear
The phone might ring
The rain might sting
oh but we don't care

We'll fly over the endless ocean
We're heading for the winter sun
'Cos you and me
We're just two creatures on the run

And Europe has its moving state lines
But Africa has winter sunshine
And you and me
We're just two creatures on the run

And we'll go where the crowds don't stare
And no one hates us for our hair
The phone might ring
The rain might sting
oh but we don't care

We'll fly over the endless ocean
We're heading for the winter sun
'Cos you and me
We're just two creatures on the run

America's our supermarket
In India we'll take some stopping
'Cos you and me
We're just two creatures on the run

In Asia we can mend our breakdown
'Cos you and me we must escape now
And you and me
We're just two creatures on the run
You and me
We're just two creatures on the run
You and me
We're just two creatures on the run
You and me
We're just two creatures on the run
