Angel, you're no angel

There's none here to be caught

If there were such heaven creatures

Then you would not fall far short.

Angel, you're no angel

No good lookin' to the sky

So I'll devise one, compromise one

And I know that with you I'll get by.

You' got honesty that quite honestly it hurts

I might bruise you but I would not lose you for the world.

Angel, you're no angel

They don't make 'em any more

But you elate me, extricate me

And nobody else could that's for sure.

INSTRUMENTAL

You' got honesty that quite honestly it hurts

I might lose you but I would not bruise you for the world.

Angel, you're no angel

No good lookin' to the sky

So I'll devise one, compromise one

And I know that with you I'll get by.
