Mixed up and slowin' down
Six inches to the ground
??? itches and know my ???
Stretching out my face

Back at ease and all alone
Complex memories I've sown
????????????????
Losing all my grace

Desert flower steal my frown
Cactus mexicali (x2)

Desert flower steal my frown
Cactus mexicali bound (x2)

Desert sun is so deadly
Sweet rain comes south to see me
??? scales of comfort kin
Shedding all my skin

Cry dawn another year
??? seasons ??? from here
Draw sign and be set free
This is all we need

Cactus mexicali (x2)
Desert flower steal my frown
Cactus mexicali bound (x2)

Alright
Yeah
Alright

I'm mexicali bound

Wine and women
Senorita swing yourself my way (x2)

My way
