You, you captivated me, and  
you, you infiltrated all I knew,  
that you were trick and tried untrue.  
I hate myself for having tried.

You never meant a word you said.  
You know, you know I never wanted it to be this way.  
I took your words your alibis your lies your lies,  
I'd never have it any other way.  
But now I run, I run and hide,  
I run, I run, I run.  
It's so crazy, baby.

You, you never played fair  
you were cruel,  
and calculated every move  
over because I'm bullet proof.  
Nothing but misery I tried.

You never meant a word you said.  
You know, you know I never wanted it to be this way.  
I took your words your alibis your lies your lies,  
I'd never have it any other way.  
But now I run, I run and hide,  
I run, I run, I run.  
It's so crazy, baby.  
Don't say "maybe."

You told lies.  
(You said I was beneath you.)  
Compromise  
(Was sitting at your table.)  
So go on, go darling.  
I'm back in style.  
I've done my time,  
I say goodbye.
