Oh here she goes again away.
It seems my only big mistake.
I thought the words would come alive.
I am your maybe, watch tonight.

I prayed for ways to make the day.
I am still here, but not the same.
I know it now, you're leaving this friend, defense.

There she goes.
There she runs.
What's become
of the person you used to be?
You were the only person like me.
But now she's disappeared.
Disappeared.
Disappeared.

Don't stop, don't go, for you are sleeping, tossing.
And inch, by inch, you fade away,
you are running to your grave.
In your career, you are so anti-clear
You can't admit that you don't fit where you're not
fitting in.

There she goes,
There she runs,
What's become
of the person you used to be?
You were the only person like me.
But now she's disappeared.
Disappeared.
Disappeared.
