Hot young face,
Oh yeah, she's my lover.
She's got style and grace,
you'll never define.
Uh huh, uhuh.

Time and space,
will never recover.
I can't leave this place,
without you in my mind.

And so I say,
Start leading, start leading start leading me on now
today.
Start leading, start leading, start leading me on now,
huh, oh.

So you say,
that I'm a contender.
You know that I can't leave this place,
while you're occupied.

And don't be shy,
Start leading, start leading start leading me on now
today.
Start leading, start leading, start leading me on now.

Fate,
it couldn't be the same way.
And don't you make all the same mistakes,
I've made.
I know you feel the same way.
We'll looking forward to
one more bright and sunny day.

And so I say,
Start leading, start leading start leading me on now
today.
Start leading, start leading, start leading me on now
today.
Start leading, start leading start leading me on now

today.

Start leading, start leading, start leading me on now,
huh, oh.
