Oh trying to let it go  
Trying to keep my eyes closed  
Trying to keep it just like before  
Times we never even know how to speak  
Don't wanna tell you what it is  
Oh, we found so serious  
Got me thinking just too much  
I wanna settle

[Chorus]

But it's just one thing that got me tripping  
It's this one thing that got me tripping, you did  
This one thing that's how it made me feel  
But it's just one thing that got me tripping  
It's this one thing that got me tripping, you did  
This one thing and I was so with it  
It's just one thing you did, whoa

Hey, we don't know each other well  
So why do I keep picking up myself  
Memories just keep bringing bells  
Ding dong, ding dong, ding  
Your voices I don't wanna understand  
My car keys are jiggling in my hand  
My high heels are click and touch your toes  
Ding dong, ding dong, ding

[Chorus] x 2

But it's just one thing that got me tripping  
It's this one thing that got me tripping, you did  
This one thing that's how it made me feel  
But it's just one thing that got me tripping  
It's this one thing that got me tripping, you did  
This one thing and I was so with it  
It's just one thing you did, whoa.
