Looking cool with the guys,  
Charming me with your smile,  
Hypnotized with those eyes  
You pour it on sweet  
You got a smooth swagger,  
I keep on looking at you,  
My heart is beating faster,  
You pour it on sweet

What you don't know is  
I can see straight through ya  
What you don't know is  
I've heard it all before  
What you don't know is  
I've got you on my radar,  
And I'm trying to ignore...

You're hot, so hot  
And your talking so sweet  
You're hot, so hot  
And I'm melting to my knees,  
You're hot, so hot  
I like the way you move,  
You're hot, so hot  
But I know you're no good

It's hard to deny when you look me in the eye,  
I gotta say, boy, you pour it on sweet  
It's hard to deny when you look me in the eye,  
I gotta say, boy, you pour it on sweet

Saying all the right things,  
Trying to impress me,  
Pulling at my heart strings  
You pour it on sweet  
Your talking kinda friendly  
You think you're gonna get me,  
By calling me your baby,  
You pour it on sweet

What you don't know is

I can see straight through ya  
What you don't know is  
I've heard it all before  
What you don't know is  
I've got you on my radar,  
And I'm trying to ignore...

You're hot, so hot  
And your talking so sweet  
You're hot, so hot  
And I'm melting to my knees,  
You're hot, so hot  
I like the way you move,  
You're hot, so hot  
But I know you're no good

It's hard to deny when you look me in the eye,  
I gotta say, boy, you pour it on sweet  
It's hard to deny when you look me in the eye,  
I gotta say, boy, you pour it on sweet

You pour it on so sweet,  
You're making it hard on me  
You pour it on so sweet,  
Come on over and dance with me

You're hot, so hot  
You're hot, so hot  
Oh yeah  
You're hot, so hot  
You're hot, so hot  
Oh yeah

You're hot, so hot  
And your talking so sweet  
You're hot, so hot  
And I'm melting to my knees,  
You're hot, so hot  
I like the way you move,  
You're hot, so hot  
I know you're no good

It's hard to deny when you look me in the eye,  
I gotta say, boy, you pour it on sweet  
It's hard to deny when you look me in the eye,  
I gotta say, boy, you pour it on sweet
