Never in a million years
Did I see myself here
There's so much I'll never understand

Do you think you're justified
For all the times you've lied?
Do you think that he's the better man?

It's not just me your hurting,
But if you think it's worth it
Don't let me stand in your way

Go on, go on
Take what you will
It's nothing I can't live without

Go on, go on
Your life is waiting for you
It's like there is nothing more to say

But go on, go on

You've burned the town to flames
To imagine I was dieing
I've changed my life to give you all
To live like your lying.

Go on, go on
Take what you will
It's just nothing

Go on, go on
Your life is waiting for you
It's like there is nothing more to say

There is nothing more, nothing more to say

Go on, go on, go on, go ohhhh
