I never meant to let you down, girl  
Wrapped up in my own little world  
You're leaving what am I missing?  
Did I hear you say I never listen? Well

I never heard when you cried  
I never heard when you tried  
To tell me that I was slowly losing you

I never heard you mention  
I should've paid more attention  
And that's a fact

But when you said that you were leaving me flat  
And you were never coming back  
Baby, I heard that

I'll hang on to our love, tooth and nail  
Keep my eye on every detail  
I love you and you're gonna know it  
There's no way I'm gonna let you go unnoticed, 'cause

I never heard when you cried  
I never heard when you tried  
To tell me that I was slowly losing you

I never heard you mention  
I should've paid more attention  
And that's a fact

But when you said that you were leaving me flat  
And you were never coming back  
Baby, I heard that, yeah yeah

'Cause I'm a new man and I can prove it  
How could I have ever been so foolish?  
Yeah yeah

I never heard when you cried  
I never heard when you tried  
To tell me that I was slowly losing you

I never heard you mention  
I should've paid more attention  
And that's a fact

But when you said that you were leaving me flat  
And you were never coming back  
Baby, I heard that

And when you said that you were leaving me flat  
And you were never coming back  
Baby, I heard that, oh oh  
Baby, I heard that
