If I had never failed, lost the wind in my sails
Then I'd have never needed redemption, if I hadn't lost
my way
I'd have never been saved by an angel and did I
mention
It was you? I would have drowned if not for your faith

You gave a lost and lonely
Reason to live and the strength to stand
Where would I be without the love I see?
In your face, you're my saving grace

Love had eluded me, it excluded me
And I'd lost all my expectations, nothing was left for me
I was destined to be alone but my salvation was in you
You saw the hero beyond the fool

You gave a lost and lonely
Reason to live and the strength to stand
Where would I be without the love I see?
In your face, you're my saving grace

It was you, you saw the hero beyond the fool

You gave a lost and lonely
Reason to live and the strength to stand
Where would I be without the love I see?
In your face, you're my saving grace
You're my saving grace
