Generation

Someone's walking around
Stepping up on the ground
Telling me he has found
Simple and perfect sound

That's the sound of people
Who live just as one
In a very small town
Living there as one

They've told me the reason
Why they live just as one
Cause the earth is our town,

Generation is living
Generation is breathing
Generation is feeling
Rhythm of love
Love, love
Feeling rhythm of love

Unpredictable question
Who can live as one?
In this very big town
Can we live as one?

Let me tell you the reason
How we can live as one
Cause the earth is our town

Generation is living
Generation is breathing
Generation is feeling
Rhythm of love

Generation is living
Generation is hearing
Generation is feeling
Rhythm of love

Love, love
Feeling rhythm of love
Love, love
Feeling rhythm of love
