Paint yourself a picture  
Of what you wish you looked like  
Maybe then they just might  
Feel an ounce of your pain

Come into focus  
Step out of the shadows  
It's a losing battle  
There's no need to be ashamed

'Cause they don't even know you  
All they see is scars  
They don't see the angel  
Living in your heart

Let them find the real you  
Buried deep within  
Let them know with all you've got  
That you are not your skin, oh, oh

And when they start to judge you  
Show them your true colors  
And do unto others  
As you'd have done to you

Just rise above this  
Kill them with your kindness  
Ignorance is blindness  
They're the ones that stand to lose

'Cause they don't even know you  
All they see is scars  
They don't see the angel  
Living in your heart

Let them find the real you  
Buried deep within  
Let them know with all you've got  
That you are not your skin, oh

Well, they don't even know you  
All they see is scars

And they don't see the angels  
Living in your heart

So let them find the real you  
Buried deep within  
Let them know with all you've got  
That you are not, you are not your skin, oh, oh
