Where you gonna be tomorrow?
How you gonna face the sorrow?
Where you gonna be when you die?

'Cause nothing's gonna last forever
And things'll change like the weather
They're gone in the blink of an eye

Well, just look at yourself, can you see where you are?
Look at yourself yourself, now you can't hide the scars
Just look at yourself 'cause there's nowhere to go
And you know

Tomorrow we're gonna have to live with the thing you
say
Tomorrow we'll have to cross bridges that you burn
today
Tomorrow and everything you do is coming back to you
You'll never outrun what waits for you tomorrow

And are you terrified by sadness?
Or have you given into madness?
You're running out of places to hide

'Cause everybody's got a reason
To justify how they're feeling
Or maybe you should open your eyes

Just look at yourself, do you like what you see?
Look at yourself, is this how it should be?
Just look at yourself 'cause there's nowhere to go
And you know

Tomorrow we're gonna have to live with the thing you
say
Tomorrow we'll have to cross bridges that you burn
today
Tomorrow everything you do is coming back for you
You'll never outrun what waits for you tomorrow

Are you waiting for the reason to change?
Are you waiting for the end 'cause it came?

Nothing's gonna stand in your way
Just look at yourself, do you like what you see?
Look at yourself, is this how it should be?

Tomorrow we're gonna have to live with the thing you
say
Tomorrow we'll have to cross bridges that you burn
today
Tomorrow and everything you do is coming back for
you
You'll never outrun what waits for you

Tomorrow we're gonna have to live with the thing you
say
Tomorrow we'll have to cross bridges that you burn
today
Tomorrow we're gonna have to live with the thing you
say
Tomorrow we'll have to cross bridges that you burn
today
Tomorrow we're gonna have to live with the thing you
say
Tomorrow
