I exorcise thee, spirit of the God of Israel  
In the name of Emperor Lucifer  
In the name of his Prince Belzebuth  
In the name of Grand Duke Astaroth  
By the hot breath of Pazuzu  
Depart from this witch of Baphomet  
Whom Master Lucifer hath designed  
To call unto his unholy Throne  
Bathed in the urine of whores  
That she may be made the abomination of desolations  
Wherein Master Satan dwells through  
His son Antichrist the Lord  
Who shall come to slay the living and  
Cause the dead to be forgotten  
And destroy the world by genocidal fires  
Of pride, envy, gluttony  
Lust, sloth, greed  
And wrath.
