Ain't no shame, I'm just a simple man, and no one
needs to know,
Ain't no game, take me o your room, your place, and
no one needs to know,

I'm here to satisfy,
So tell me what you like,
I want you by my side,
Before the sunrise,

She's the one who says she understands a man,
She never walks and no she, runs to you,
It can be whatever you want it to be,
You can leave or you can, Stay

Ain't no shame, do your thing, and no one needs to
know,
Cause there ain't no game, I'm just a simple man, and
no one needs to know,

I'm here to satisfy,
So tell me what you like,
I want you by my side,
Before the sunrise,

She's the one who says she understands a man,
She never walks and no she, runs to you,
It can be whatever you want it to be,
You can leave or you can, Stay

It can be whatever you want it to be
You can leave or you can stay
Here I am, your number one yeah I'm your man,
I can leave but I will, Stay
