"Lay Her Down"

Caught up in emotion never once do you,
Climb down off your pedestal and put yourself in my shoes,
Your insult is the result of your insecurity,
And I won't be responsible for your lack of trust in me,

Now I realize, she has taken all I am,
I realize it now, so I take back who I am,
I'm gonna lay her down,

Suckin all my energy, why don't you think before you speak,
You're damn right I'll make your sister kiss the ground beneath my feet,
Give it all I got, All my heart and soul,
You make a mother fucker crazy, what you've done you'll never know,

Now I realize, she has taken all I am,
I realize it now, so I take back who I am,
I'm gonna lay her down,
I've given you all that I am,

I gave you strength, and I gave you thought,
Let you in, inside, inside, inside,

Now I realize, she has taken all I am,
I realize it now, so I take back who I am,
I'm gonna lay her down,
Have another drink, what have you found,
My finger in your face, gonna lay your ass down,
Lay, I'm gonna lay her down.
