featuring DJ Kool Herc

People, check out the new stuff!

[Chuck D] Back, on the scene...

Sixteen super hits

That's what we talkin about...

(don't give me no heart attack)

... talkin bout hittin them skins!

[Whodini] My man

Terminator X... and the God-and-the-God

And the Godfathers of Threatt, live

[DJ Kool Herc]

Like the great mesiah Marcus Garvey say

Black people never know themself until their back
against the wall

Some will rise and some will fall

Because you never know yourself until you back
against the wall

This is ours, we gotta take it

Sounds of oppression

Sounds so high you can't get over it

Sounds so low you can't get under it

In other words... we who with it, huh?

I'm goin straight back tah Yard, a place called Jamaica

With Bonnie, we grow

And also all de Yardman all de massive

This is de Yardman who started de hip-hop movement

Still AGAIN, we all brothers and sisters no matter where
we are

We under one flag, eh
