She's been through enough so I'll just leave it alone  
But soon real soon I'll tell her what she needs to know  
I need to go, but it's not right  
To leave her in the spotlight like I don't care about her  
at all  
Just leave her in this condition  
But when she's better I just let her know

I've gotta leave, I've gotta leave another day  
I've gotta leave, I've gotta leave another day  
Another day (x8)

Yeah lady it's been so hard for you girl (oo yeah I know  
that it's been so hard)  
But it's been harder for me to live in your world (what  
you need to know)  
In your world the sun don't shine no more  
Everyday it's like living in a storm  
I don't want to leave you no  
Leave you no, leave you girl

I've gotta leave, I've gotta leave another day (x2)  
I've gotta leave, I've gotta leave another day  
Another day (x9)

Now what do you need me for? Baby let me go  
You had your chance now your man is walking out the  
door  
What did you expect? We've been through this before  
And yes you are beautiful but I can't take it anymore  
No I'm not upset, I'm just fed up with this  
The things you do, your attitude  
Had enough of it  
Glasses on the floor, walk out and slam the door  
I gotta end this war

So I gotta...  
I've gotta leave, I've gotta leave another day  
I've gotta leave, I've gotta leave another day  
Another day (x8)

Yeah lady it's been so hard for you girl,  
But it's been harder for me to live in your world.  
I gotta get out of here girl.
